George,

The only campaign not launched is 70G.
All the Mexico VINs are loaded in the DB2 tables.

Reminder:

Tom Trisdale is ready to launch the Campaign visibility to TdMex dealer by the end of May, 2008 (May 30). Mexico dealers will be able to see on TIS by a VIN by VIN basis any outstanding campaigns. They will not see [Show/Hide Documents] and the SSC documents. Just the Campaign number and completion info. Need to have Mark check and see if VINs for Campaigns not launched in Mexico yet are in the DB2 table. Need to have Raul expedite TdMex to launch the Campaigns which are in the DB2 table but not launched yet.
